

# **Missionary Connection Meeting Minutes**

## **January, 2009 Board Meeting**

Please review all changes that have been made to the [www.missionaryconnection.org](http://www.missionaryconnection.org) website. Address, new and old ministry updates, financial information and any new fundraisers or programs will be listed on the website. Each person is responsible for routinely reviewing the website for any changes.

The website is reviewed and potential changes are made every three months. Be advised so you may routinely check the website for those changes. This does not negate our regular ministry meetings concerning weekly or monthly operations. You will still need to attend at least two of those meetings a month to stay abreast of things going on in our communities or to receive instructions on any new local/national or international community outreaches we may be doing.

Thank you all for your continued help and faithful service to those we serve.
